Subject Re: Fw: Request for searching CAN2000 data

George,

Thank you for your and your staffs' great and huge support and cooperation. Without them, we have not be able to achieve our goal. (I'm not sure whether you are happy or not...)

As for the CAN2000 data, I want to look through those vehicle's complaint about the interference between the mat and the gas pedal in order to make sure that the number of the complaints on other vehicles are much less than the ES and Camry.

If this request bother you guys, let's discuss next week.

Again, thank you for your support.

Regards,

Mitch
